CEAA Registry of certified auditors *Including CHSMSA, EMS(A) and EMS(LA) designations* **As of July 31, 2006**

The Canadian Environmental Auditing Association (CEAA) is an independent organization of individuals and companies dedicated to furthering the development and professional practice of environmental and related auditing. CEAA was incorporated as a non-profit association in 1994.

The Canadian Environmental Auditing Association offers the following auditing designations:

- The Certified Health and Safety Management System Auditor, (CHSMSA), designation recognizes that individuals have satisfied CEAA's Qualification Criteria for Certified Health and Safety Management System Auditors with respect to carrying out health and safety management system audits as defined in, and in accordance with, relevant national and international standards for health and safety auditing.
- The Environmental Management System Auditor designation, which includes two grades (EMS Auditor and EMS Lead Auditor) recognizes individuals that have satisfied CEAA's Qualification Criteria for EMS Auditors which follow the guidelines as set out in ISO 14010, 14011 and 14012 or ISO 19011.

Please note that CEAA has transferred the Certified Environmental Auditor (CEA), Certified Environmental Sustainable Forest Management Auditor (CEA(SFM)) and Certified Environmental Assessor of Sites (CEAS) designations to the Canadian Environmental Certification Approvals Board (CECAB). CECAB maintains a roster of certified auditors and site assessors on its website at www.cecab.org/certification/roster.asp.

Inquiries related to the CEA, CEA(SFM) or CEAS designations should be directed to the CECAB Registrar at registrar@cecab.org.

Any inquiries relating to the CEAA Registry, any of the CEAA designations (CHSMSA, EMS(A) and EMS(LA)) or the CEAA certification process should be directed to CEAA at the following address:
